Milo's Moonlight Adventure

A nighttime journey
under the stars

Milo the raccoon peeked out
from his cozy tree.

“Tonight feels magical,” he whispered.

The moon glowed bright and round.
Milo tiptoed out to explore.

**“Hop on,” hooted Oliver. They
soared above sleepy treetops**

A dance of fireflies lit the way,
blinking like stars.

Milo landed in a secret meadow
filled with glowing mushrooms.

“Wow!” he gasped.

Foxes, rabbits, and hedgehogs
invited Milo to join their
moonlight feast.

After treats,
they played games
and told stories under
the stars.

As the sky turned pink, Milo felt sleepy again. “Time to go home.”

Back in bed, Milo whispered,
“What a perfect night.”
He drifted off to dream.
